(c) whether massive sales of illegal LPG cyclinders claim many lives every year;

(d) if so, the number of deaths during the last three years, year-wise and

(e) what concrete steps are being taken in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI SANTOSH KUMAR GANGWAR): (a) The news paper article captioned "Ban fails to curb sale of a illegal LPG cylinder" in Hindustan Times dated 2.12.98 is regardinmg illegal manufacture of LPG Cylinders despite ban of the same by the Government and various checks and measures to curb such activities. The article highlights serious LPG accidents on account of sale of spurious equipment.

(b) to (e) No. case of illegal units manufacturing LPG cylinder for PSU Oil Companies has been reported. The following number of deaths occurred during last three years in connection with accidents relating to LPG cylinders and use of LPG,

Year	No. of Deaths
1995-96	44
1996-97	72
1997-98	45

Oil companies carry out elaborate quality control checks on each cylinder filled at the bottling plants. After passing all the quality control checks at the LPG bottling plants, each and every cylinder is sealed before it is loaded and despatched to the LPG distributors. Oil companies use aluminium and PVC seals to ensure that the LPG cylinder are not tampered with before they are delivered to the consumers. Many accidents, occur on account of unauthorised and irregular use and handling of LPG cylinders.
